About This Guide

The Arrival Guide for new PSR students is designed to address some of the most frequently asked questions posed by students about their arrival on campus and getting settled in the community.

The information is presented in a sequence beneficial to the needs of a new arrival: from City of Berkeley to recreational activities. We hope that you will find this guide helpful.

Since the web addresses in the guide are hyperlinked, please note that this guide is most useful in electronic form (specifically, as a pdf document).

We welcome your suggestions for new material to enhance the experience of new PSR students.

Welcome from the Director of Community Life & Spiritual Care

Dear New PSR Student:

Welcome to Pacific School of Religion and a new phase of your academic and spiritual journey! As Director of Community Life and Spiritual Care, I am pleased to assist you in your transition to PSR.

So that you will take full advantage of your experience in Berkeley we have compiled this Arrival Guide to complement the many other resources that exist about this and the surrounding communities. I encourage you to read this Guidebook to help you ease into your new life here.

The information presented in this guide book is a compilation of the most frequently-asked questions that new students have when they first arrive at the Pacific School of Religion. Internet links are conveniently included as a reference for each section. All the information in this Guide is current as of July 2015.

When you arrive on campus, we will also provide you with an Orientation program that will prepare you for a successful study at the Pacific School of Religion. Orientation is a requirement. All students in a degree program are required to attend the orientation. New Student Orientation begins Monday, August 31st at 8:00 a.m. and ends Wednesday, September 2 at 8:00 p.m. Breakfast, lunch and dinner during the orientation dates are provided for you at no cost.

The staff at PSR takes great pride in supporting you during your program. We look forward to meeting with and assisting you this spring. In the meantime, please visit the PSR website for more information at [www.psr.edu](http://www.psr.edu) or the Office of Community Life section of the PSR website at [www.psr.edu/office-community-life](http://www.psr.edu/office-community-life).

The City of Berkeley Neighborhoods

Taken from [UC Berkeley Cal Rentals Office](http://www.berkeley.edu):

**SOUTHSIDE:** A bustling, student-oriented area adjacent to south campus. Bookstores, record stores, cafes and restaurants abound. Telegraph Avenue is a main feature, with its colorful street vendors. Student housing is relatively plentiful in Southside.

**ELMWOOD:** Just to the south of Southside is the Elmwood district, which can be found by following College Avenue away from campus. Elmwood is a charming mix of small apartment complexes and large homes. Gift shopping is a delight, and there are many restaurants featuring international cuisine. There is also a popular movie theater.

**CLAREMONT:** A neighborhood consisting primarily of grand, expensive homes and few rentals. The typical Claremont rental might be an “in-law” apartment in someone’s house, or a room in a private home. The Claremont area is generally characterized as the area surrounding the Claremont Resort and Hotel.

**SOUTH BERKELEY:** West of the Southside, Elmwood and Claremont districts and south of Dwight Way is an area generally known as South Berkeley. This area, in addition to West Berkeley and the Westbrae neighborhoods, is where the most affordable housing is likely to be found. Small, single family bungalows, duplexes and fourplexes are featured on the tree-lined streets. Cute cafes, antique shops and the Ashby BART station with its weekend flea market in the parking lot are part of the South Berkeley scene.

**DOWNTOWN BERKELEY:** While “downtown” can be found just a block from the West Entrance of campus, continue a few more blocks westward and you will find tree-lined streets with a mix of apartments and houses. Many students live in this area and enjoy its convenience to downtown BART, movies, restaurants and the campus.

**WEST BERKELEY:** South of University Avenue and west of Sacramento Street is the area known as West Berkeley. Modest single family homes are interspersed with apartment buildings, and the neighborhood is dotted with Victorian farmhouses that were the original dwellings in the area.

**WESTBRAE:** A quiet, residential neighborhood just north and west of the North Berkeley BART station, the Westbrae area consists of small homes, duplexes and fourplexes. A highlight is a specialty produce store that attracts shoppers from all over Berkeley called Monterey Market. Easy access to BART and the campus makes this a popular area. Tennis, jogging track, pool and playground are nearby at the local middle school and are open to the public.

**OCEANVIEW:** The outlet stores, specialty shops and restaurants along the popular 4th Street area make this formerly sleepy place of small homes and light industry into a bustling, lively street scene.

**NORTHSIDE:** This area directly north of campus is a contrast to the bustling Southside area. Quiet by comparison, Northside boasts several student Coops and charming apartment buildings interspersed with large, single family homes. The main street is Euclid Avenue, which features a small grocery store and shops and restaurants.

**NORTH BERKELEY AND THOUSAND OAKS:** If you hear the term “gourmet ghetto,” it’s referring to this North Berkeley area of north Shattuck Avenue. Here you’ll find gourmet food shops and of course the famous restaurant, Chez Panisse, among others. Thousand Oaks continues the North Berkeley theme through the Solano Tunnel and down Solano Avenue with many restaurants, cafes and bookstores frequented by local residents. This is a popular area for young and old.

Public Transportation

While at Berkeley, you will likely use three main modes of transportation: BART, buses and shuttles. Taxis are more expensive and not frequently used by students or scholars. For longer journeys, you may choose to ride the train or rent a car on your own. Described below are more details about each mode of transportation.

Bay Area Rapid Transit System (BART)
BART is a local light rail / subway system that serves the entire Bay Area. Stops include San Francisco Airport (SFO), downtown San Francisco, Oakland, Berkeley, Fremont, Richmond, and Concord. BART runs seven days a week. Fares vary according to the distance to be traveled. When you enter a BART station, you must buy your ticket from a ticket machine before boarding. You will receive a small card which you will then insert into a machine marked “enter.” Remember to keep it until you arrive at your destination. When you leave the BART station, you insert the card again in the machine marked “exit.” If there is any money left on your card, the card will be returned to you, otherwise, the machine will keep it. Children 12 years old and under are eligible for special discount tickets available at BART stations. No monthly passes are available but you may buy prepaid cards ($45-$60). The Downtown Berkeley BART station is 12-15 minute walk from PSR.

Taxis
Although you can find taxis available near most BART stations (on Shattuck and Center Street), the best way to get service is to make a reservation in advance or call 15-20 minutes before you want to be picked up. Taxis don’t run as often in Berkeley as they might in other big cities, so you may have to wait if you don’t have a reservation. Taxis can be expensive, thus are not a popular mode of transportation for students.

Greyhound Bus System
Greyhound is the largest provider of intercity bus transportation, serving more than 2,300 destinations with 13,000 daily departures across North America. It provides regularly scheduled passenger service and its “Greyhound Travel Services” unit offers charter packages for businesses, conventions, schools and other groups at competitive rates. Nearest bus terminals include:

Oakland Station
2103 San Pablo Ave
Oakland, Ca 94612
510-832-4730

San Francisco Station
425 Mission
Transbay Station Floor 3
San Francisco, Ca 94105
415-495-1569

Alameda County (AC) Transit Bus System
The Alameda-Contra Costa Transit District is the third-largest public bus system in California, serving Berkeley, Albany, El Cerrito, Oakland and Kensington. AC Transit buses run through the UCB campus and also carry passengers across the Bay into San Francisco.
Caltrain
A commuter train that runs daily from San Francisco to San Jose, stopping at many cities along the way.

AMTRAK Trains
Amtrak is the largest passenger rail company operating in the United States. With more than 500 station stops in 46 states, Amtrak makes it easy for you to go where you want. Although it’s not the fastest way to travel, it is a great way to see the country and relax while someone else drives! You can reserve a sleeper car for overnight trips, or just take a day trip along the California coast on the Coast Starlight where the scenery is unsurpassed. You can purchase tickets online or at the station. There is an Amtrak station in Berkeley and in Emeryville, Use their helpful web site to plan your trip.

Car Share Programs
Car-sharing is a neighborhood-based transportation service that allows people to use a car when needed, without the costs and responsibilities of ownership. Cars of various sizes are kept in small parking lots all over a city. Members make reservations on-line or via a toll-free phone number, walk to the closest car access it using an electronic key and drive off. They are billed at the end of each month based on usage. Car share programs come in many forms. Two of the most well-known programs in the Bay Area are:

- Zip Car
- City Care Share

Zimride.com
Ridesharing for everyone! A new spin on ridesharing, using social networks to enable real connections. In seconds you can set up a profile, book a ride in your area, or post a ride of your own. With Zimride profiles, you can check out interests, music tastes, and feedback before you share a ride.

Rental Cars
There are many rental car agencies located within the Oakland and San Francisco Airport as well as other locations around the city. However, on most rentals the minimum age is 25 (or in some cases, 21 with an additional fees) and you must have a valid driver’s license. Each rental agency has its own policies regarding what is acceptable proof of a driver’s license, so it’s best to check their web site in advance. Go to the airport web site listed previously in this Guide and click on “Ground Transportation” for links to all the rental car agencies. The closest car rental agency to PSR is Enterprise located in 1990 Oxford St., Berkeley, CA 94704, which is about 5 blocks away from PSR. However, please note that there can be as much as a $50 difference from the Shattuck Enterprise location, 3001 Shattuck Ave, Berkeley, CA 94705.
Car Registration
You must register your car with the state within twenty days if you brought it with you from another state and within thirty days if you purchase it in California. Failure to do so can result in a penalty and other legal difficulties. Registration can be accomplished at the DMV. If your car does not have a California emissions control system, you may have to pay $300 in fees or have your car retrofitted. Your car may also have to undergo a smog control test. This will cost about $100. The test can be done at most gas stations, but look for an official “Emissions Control” sign. Don’t panic if your car fails the first time. You may only need a tune-up. Consult the Vehicle Registration booklet which you can download from the DMV website for registration fees.

Parking in the City of Berkeley
You can park on Berkeley neighborhood streets for two-hour periods as long as there are no restricted parking signs posted. If you live in the city of Berkeley, you can purchase a residential parking permit which allows you to leave your car on the street for up to 72 hours at a time. To apply for a residential permit in Berkeley, see the City of Berkeley website at and search under “Parking.” Parking spaces near the UC Berkeley campus are very difficult to find.

Read carefully the street signs for parking limits and street cleaning times. Failure to obey these signs or parking in illegal spaces will result in parking citation fees of $30 and up. For parking rules and regulations, read the California Driver’s Handbook.

Bicycles
Owning a bicycle to get around on campus is a good investment. Due to the population density and the resultant traffic congestion, riding a bike is often a faster mode of transportation than a car!

A person under 18 years of age is required by California state law to wear a properly fitted and fastened bicycle helmet to operate a bicycle, or ride upon a bicycle as a passenger.

Bicycle theft is the most common crime in Berkeley. Thieves will also take bicycle parts (such as seats, wheels, accessories) if they are not locked up. The higher quality "U"-shaped locks have proven to be the most effective. You may actually need two or more locks, depending on where you park and what accessories you have on your bike.

Mike’s Bikes: 2161 University Ave, (510) 845-BIKE
Wrench Science: 1022 Murray St, 1-866-497-3624

Buying Used Bikes
Shop for used bicycles at garage sales, bicycle shops and through Craigslist (garage sales are listed on Craigslist as well). Not all bicycle shops carry used bikes; the following used bike shops are located in Berkeley:

Karim Cycle
2800 Telegraph Ave.
Berkeley, CA 94705 (510) 841-2181

Missing Link Bicycle Co-op
New and used bicycles, bike accessories, parts, and clothing. We are cooperatively run, that means that each employee of the business is an equal owner. 1988 Shattuck Ave (between University Ave. and Berkeley Way), 510-843-7471

Bicycle Registration
The UC Police department offers FREE bicycle licensing services to campus affiliates once a week on upper Sproul Plaza. Each semester a new schedule will be posted. UCPD will not be offering any more bike licensing for the rest of the summer 2008. UCPD will begin offering Bike Licensing during the beginning of welcome week and the fall semester.

At UC Berkeley and in the City of Berkeley, bicycles are required to have a California Bicycle License. If the UCPD stops you while riding a bicycle without a valid license, you could be subject to citation. Additionally, licensing your bicycle increases the likelihood of recovery in case of theft. A new license is valid for three years. Renewals, also available, are valid for up to three years.

Licensing may be done at the following location: University of California at Berkeley 2150 Kittredge Street, between Shattuck and Fulton Streets, one block from Bancroft; next to the Touchless Car Wash. The customer service lobby is on the first floor. (510) 643-7701.
Spouses / Partners
If your partner/spouse accompanies you during your stay at PSR, you will need unique services and resources to help your spouse feel at home. Living in one of the PSR housing units is a good way to find community and supportive resources. Listed below are some common topics of interest for partner/spouses of PSR students:

Auditing a Class at PSR
Spouses (domestic partners, husbands, wives) of PSR students may be eligible to audit up to one course in the consortium for free per semester for every semester that the PSR student is registered at 9.0 units or more. To do this, spouses should fill out an Audit Application at the PSR website.

Connecting with PSR Community Events through Weekly Calendar
There are many community events organized by students and by the Community Life Office that partners/spouses can participate in. The best way for partners/spouses to get connected is through the Weekly Calendar, which is sent weekly thru email during the school year (September to May). With your spouse’s permission, please send a note stating a request to have your spouse’s email address to be included in the Weekly Calendar email list. In the end of January, this note should be sent to weeklycalendar@psr.edu.

Joining the “Significant Others of Students Group” & other Student Interest/Support Groups
There are many student groups that your partner-spouse can get involved with, including “PSR Significant Others of Students.” For contacts and meeting times, go to www.psr.edu/student-groups.

Recommended book & online resource
Committed relationships take work, and a partner attending grad school can put stress in the relationship. For relationship maintenance, please check out the book, “The Seven Principles for Making Marriage Work,” by John M. Gottman.

Free Articles: For online resources go to the website of the Relationship Institute. Check articles from Psychology Today: Are You with the Right Mate? And Thinking About Getting Marriage Counseling?

Employment
Some students’ partner-spouses work in PSR and/or GTU. PSR job listing is available online. Current job postings are available in a bulletin board next to the PSR housing office in the 1st floor of Holbrook. Other job listings include:
- Craigslist
- Monster.com
- Bay Area Jobs
- Kelly Services (Temp Agency)
- San Francisco Chronicle

Unpaid or Volunteer Work
Unpaid or volunteer work may be a good alternative, especially for international student spouses who are not eligible for paid employment. As a volunteer, your spouse can gain experience and become a part of the community. There are a few online organizations such as Volunteer Match that can help you find something in the Bay Area. However, the best way to find opportunities is simply to ask people who work in places of interest to your spouse. Some ideas include: Hospitals, Libraries, Public or Private Schools, Senior Centers, Museums, Zoos or Animal Shelters, to name just a few.
Childcare

Resource for GTU-PSR Parents: Childcare & Playgrounds
We have created a resource sheet (some childcare information is dated) for parents. It also includes a list of support groups and playgrounds in Berkeley area, & social services.

Bananas Child Care Information and Referral Service
Bananas is a community-based service for finding either regular daily care or the occasional babysitter.

Other Resources

Berkeley Parents Network
A great web site to find information related to children, parenting, families and a wide variety of other topics related to living in the Bay Area. This web site contains thousands of pages of recommendations and advice contributed by members of the Berkeley Parents Network, a parent-to-parent email network for the community of parents in the Berkeley, California area. Since 1993, this network has been run by a group of volunteer parents who send out email newsletters each week to local parents. You can subscribe to their email newsletter or just browse their index of subjects at the web link provided above.

Parent’s Press Magazine
This free, local newspaper is available at most supermarkets, public libraries and other places that cater to children (and online, too). It has a section every month on fun things to do with the kids and provides a lot of useful information about living in the Bay Area.

Parent Connect East Bay
Angela Jernigan and Niels Teunis (PSR Alum) are a husband and wife team who created Parent Connect East Bay to support parents in deepening their connection with their children.

Education for Children
All children in California between the ages of 6 and 18 are required to be registered in and attending school. Your children will be required to have certain medical exams before entering school. The quality of schools in the Bay Area varies considerably from one school to another. To help your children make a smooth transition into their new school, read as much as you can about how the school systems works and what you can expect. Some helpful web sites for general information include:

- U.S. Education System
- The U.S. Department of Education
- Great Schools
Public Schools
In the U.S., all children are eligible for free elementary and secondary education provided by the local public school district in the city where you reside. In light of that, you may want to choose where to live based on the school district serving that area. Many schools offer after-school programs that provide homework assistance and organized activities. English as a Second Language (ESL) instruction is offered at many public schools. For information on how to get your child enrolled in public school, contact the appropriate school district for your city of residence:

Albany Unified School District
Berkeley Unified School District
Oakland Unified School District
West Contra Costa Unified School District (El Cerrito/Richmond)

Private and Parochial Schools
Private and parochial (religious) schools also educate a large percentage of the Bay Area’s students, but are often filled quite early and charge tuition. It is advisable to arrange a visit to find the school that best suits your child’s needs. Go to the Berkeley Parents network and go to this these links:

Homeschooling
Homeschooling is a legal option in California and has recently become more popular. There are many ways to home school your children, but it’s important that you do research to make sure you are complying with state laws. The California Homeschool Association web site is a good place to learn more about this type of education.

U.S. Educational Structure

Preschools (Ages 2.5 - 5)
Pre-school is not mandatory and therefore most of them are privately-owned. You do not need to reserve a space in a preschool prior to your arrival, although spaces at some of the better schools fill up quickly. Before choosing a preschool for your child, visit several to decide where your child would feel most comfortable. Fees range from approximately $375/month (part time) to $1200/month (full time). Most preschools require children to be toilet trained. State law requires a nap or resting period for all children in pre-school. See the above links to UCB early childcare programs and Bananas Referral Service to find out what programs are available in your area.

Kindergarten (Age 5 or 6)
Kindergarten is the first level of elementary school. It usually runs for a half day only — either in the mornings or afternoons. To enter kindergarten in the public school system, your child must be 5 years old by December 1st to start school in September of the same year. Some private schools require that your child be 5 years old by September 5th or October 10th to begin school in September of the same year. Many schools require certain immunizations before the child can begin school. Bring copies of your child’s medical records to the U.S. for this purpose.

Elementary School (Ages 6-11)
Elementary school includes Kindergarten through 5th grade.

Secondary School (Ages 11-18)
Secondary Schools include Middle School for grades 6, 7 and 8 and High School for grades 9, 10, 11 and 12. In the public school system, Elementary, Middle Schools and High Schools may not necessarily be near each other geographically. Many private schools include grades K-8, but there are other configurations depending on the school.
Family Legal Matters
It is important that you know some of the laws designed to protect children in the U.S. Violation of some laws may result in payment of a fine, others may result in arrest.

Car Safety Seats
California law requires that anyone riding in a moving car must be wearing a seat belts. Children must be secured in an appropriate child passenger restraint (safety seat or booster seat) until they are at least 6 years old or weigh at least 60 pounds. Infants under 20 lbs. must be secured in a rear-facing car seat.

Unattended Children
There are strict laws about leaving very young children alone, either in cars, in public, or at home. The law states that it is a crime to leave anyone in a car who is incapable of getting out without help. These laws stem from cases where young children have died from being left in cars with closed windows in warm weather. In addition, it is considered "child neglect" to leave very young children unattended (such as outside of a restaurant) or home alone. It is better to awaken a sleeping child than to risk their possible harm, and/or face arrest.

Published by the California Bar Association. This booklet is designed to give you a basic overview of some of the laws that apply to children—laws created, in many instances, to help safeguard your youngsters at school, in part-time jobs and at play. This updated version of the guide can also help you understand your rights and responsibilities as a parent and assist you in answering your children’s questions about the law.

Intimate Partner Violence
Intimate partner violence and emotional abuse are behaviors used by one person in a relationship to control the other. Violence can be criminal and includes physical assault (hitting, pushing, shoving, etc.), sexual abuse (unwanted or forced sexual activity), and stalking. Although emotional, psychological and financial abuse is not criminal behavior, they are forms of abuse and can lead to criminal violence. Although both men and women can be abused, most victims are women (see Resources below for suggestions on where to find help).

Child Abuse
Child abuse is a very serious crime in the U.S. Child Abuse is defined as any act or failure to act (neglect) on the part of a parent or caretaker which results in death, serious physical or emotional harm, sexual abuse or exploitation or any act which presents an imminent risk of serious harm.

In the U.S., the following people are required by law to report suspected child abuse: Doctors, nurses, dentists, mental health professionals, social workers, teachers, day care workers, and law enforcement personnel.

Cycle of Abuse

1. Tensions Building
   Tensions increase, breakdown of communication, victim becomes fearful and feels the need to placate the abuser.

2. Incident
   Verbal, emotional, or physical abuse. Anger, Harass, Threats, Intimidation.

3. Reconciliation
   Abuser apologizes, gives excuses. Blames the victim, denies the abuse occurred, or says that it wasn’t as bad as the victim feels.

4. Calm
   Incident is “forgotten”, no abuse is taking place. The “honeymoon” phase.
PSR’s Circles of Care

PSR coordinates systems of care for the community called Circles of Care. This network of support includes the following: (1) PSR Campus Care Network, (2) PSR Campus Pastors, (3) List of Counselors, Therapists, Spiritual Directors, Counseling Centers in the area [this list is compiled by the Office of Community Life]. For a complete info on the circles of care, go to: www.psr.edu/circles-care.

NOTE: Please note that the care resources at PSR, namely, Campus Care Network, and the Campus Pastors, are not counseling or therapy. The CCN provides “active listening” or “peer listening;” while the campus pastors provide “pastoral care.” While some level of informal counseling might take place in peer listening or pastoral care, these encounters should not be perceived as counseling or therapy. The campus pastors may help you discern if you need formal counseling/therapy with a professional caregiver.

Counseling, Therapy, Spiritual Direction

Recommendation on Counseling/Therapy: We suggest that students consider pastoral counseling or psychological counseling as part of their spiritual and leadership formation.

What’s the difference between pastoral care and pastoral counseling?

- **Pastoral Care**: refers to a broad and inclusive way of pastoral work that is concerned with the support and nurturance of persons and interpersonal relationships. It includes the everyday expressions of concern that may occur in the midst of pastoring activities and relationships, such as prayer (restoration, enduring), guiding/educating (counsel, advise), reconciling (re-establish broken relationships).
- **Pastoral Counseling**: an extended and structured conversation focused on the needs and concerns of the one seeking help. (*Definitions taken from the Dictionary of Pastoral Care and Counseling*)

**Resources for Students in Addiction Recovery**
Seminarians and clergy are not immune to addictions. The issue of substance use will come up again and again in communities that we serve; or we may find ourselves struggling with use of substances or other types of addictions.

The resources in the link above are provided solely as information. Only students can decide which, if any, of these resources might be helpful to them. Listing comes with no guarantees, promises, recommendations or endorsements. Exclusion from this list does not imply anything either. If a student finds himself/herself struggling with substance use or some type of addiction, finding help which suits him/her best will save time on the recovery journey, and give hope more quickly and be most cost efficient.

**Student Health Insurance**
- Students taking 9.0 units or more are required to submit to the registrar verification of health insurance coverage to register at PSR. Students are eligible to enroll in this health insurance if you are taking a minimum of 3.0 units. For details, see page 49 or go to: [http://www.psr.edu/student-health-insurance](http://www.psr.edu/student-health-insurance)

Culture Shock: The Process of Adjustment

What is it?
Culture shock is the natural reaction to a series of transitions that occur when we are uprooted from our cultural environment and transplanted into a new situation. (While this phenomenon might be true for international students, it will also apply to Americans who [a.] transplant from a cultural context to a different one within the U.S.; [b.] individuals for whom the academic field of theology, humanities, or social sciences is new; [c.] folks who haven’t been to school for a long time.) Most of all, culture shock happens when we have lost our social supports (family, friends, classmates, coworkers) and we must begin again in a place where things are unpredictable. While the words “culture shock” imply something immediate, the onset is usually gradual and cumulative.

How can I avoid it?
Since culture shock is a natural response, your strategy should not be how to avoid it, but instead, how to manage it. Being able to anticipate the feelings you may encounter, and having an understanding of the cycle of adjustment should help minimize much of the difficulty of adjusting to life at PSR in Berkeley. While at times it may be an unpleasant experience to go through, adapting to a new culture provides great opportunities for personal growth and development.

When will it go away?
Sometimes the symptoms of the hostility stage last just a few days, but more commonly, a few weeks or even months. Your friends may appear to adjust easily while you are suffering miserably. Several different factors, such as your pre-departure expectations, coping skills, and any past experience living overseas can affect the degree to which a person is affected by culture shock, making each individual’s experience unique. Also, people often move back and forth between the stages throughout their stay.

Suggestions for a Smooth Adjustment
- Realize that what you are going through is normal. Remember that the unpleasant feelings are temporary, natural, and are common to any transition that a person makes during their life.
- Be patient and give yourself the time to work through this process.
- Take good care of yourself. Eat well, exercise, learn relaxation and stress reduction techniques.
- Maintain a sense of humor. Be able to laugh at yourself and at the predicaments you get into.
- Resist the temptation to constantly disparage the new culture you find yourself in. Begin to consciously look for logical reasons for anything in the new cultural context that seems strange, confusing, or threatening. There is a reason why people do things differently than people do in your culture of origin.
- Talk to someone about your experiences. Do not be afraid to talk to family, friends, Campus Care Network, Campus Pastors, and the Director of Community Life and Spiritual Care (see Circles of Care on page 35).

The Stages of Culture Shock

1. Honeymoon – When you first arrive, the differences you observe are new, exciting and interesting. You are optimistic and are likely to focus on the positive aspects of your new environment.
2. Hostility – As some time passes, the differences that were once interesting have now become obstacles for you to get things done or communicate effectively. You may begin experiencing any of the following feelings or behaviors: • disorientation and confusion • acute homesickness for family, friends and places • loneliness • helplessness • irritability • sadness and depression • frequent frustration • being easily angered • fatigue • withdrawing from friends or other people • self-doubt, sense of failure • recurrent sickness • desire to go home
3. Recovery and Adjustment – Gradually, you begin to feel more comfortable in the new culture and are functioning well at work or school. Your confidence builds as you start to adjust to the differences and expand your social network. You are able to view things more objectively and are becoming more flexible.
4. Reverse Culture Shock – Do not underestimate the adjustment that will be required when you return home from your sojourn. People go through a similar series of stages upon re-entry to their home culture.
PSR, GTU, UC Berkeley Campus Safety

PSR, GTU, and UCB are open campuses, situated in the heart of the city of Berkeley. It is a thoroughfare for pedestrians to get from one side of town to the other. As a result, the campus is bustling with people from the community as well as students, faculty and staff. At the perimeter, it is difficult to know where the campus border ends and the city begins. With such an urban setting and high population density, there is bound to be some criminal activity. Since much of the crime that occurs around PSR, GTU and the UCB campus is robbery and theft, there are easy measures you can take to avoid these incidents:

- If you are interested, crime reports are listed on their web site as well at. For the crime statistics at PSR/GTU, go to page 12 of the PSR campus crime and safety report.
- Although you can reach emergency services by calling 9-1-1, you will get faster service by calling 510-981-5911 from your cell phone.
- Avoid walking alone at night.
- Use theft prevention strategies:
  - Keep apartment doors/ dorm room doors locked while you are out.
  - Close and lock windows in your home while you are out
  - Do not leave laptops, books, or other valuable items in common areas For example, don’t leave valuables on tables while searching for books in the library or at a café while getting your food or drinks. “Professional” thieves are waiting to grab for these opportunities.
  - Walk in well-lit, populated areas and be aware of people and your surroundings

The Alerting and Warning System

The “Alerting and Warning System” (AWS) is a network of warning sirens that warn and inform the UC Berkeley campus community in the event of certain major emergencies such as earthquakes, chemical spills, flooding, power outages, transportation incidents, and other public safety incidents.

Siren testing occurs every first Wednesday of each month at noon. You will be able to hear this loud siren throughout the campus and in Berkeley. If you hear the siren on a test day, you do not need to do anything. The system is simply being tested for functionality. Follow the campus emergency response procedures:

1) Shelter - go inside
2) Shut - shut the doors and windows
3) Listen - do one of the following three things: call the emergency hotline at 1-800-705-9998, log on to the campus emergency web page, or listen to the campus radio station: KALX, 90.7 FM. Wait for instructions, then follow them.

You may hear these warning sirens in other locations off campus as they are found in nearly every city across the U.S. Follow the same procedures as above.

Berkeley Recycling Guide (Ecology Center)

Reusing

Freecycle: It's a grassroots and entirely nonprofit movement of people who are giving (& getting) stuff for free in their own towns. It's all about reuse and keeping good stuff out of landfills. Each local group is moderated by a local volunteer (them's good people). Membership is free. To sign up, find your community by entering it into the search box.

Local Goodwill and many thrift shops will be happy to pick up large items (clean of course!) and Goodwill on University Ave. near Shattuck will except walk-in drop-offs.

For disposal of electronics Community Conservation Center is located at 669 Gilman Street (corner of 2nd Street) Berkeley, CA 94710. Tel 510-524-0113. info@berkeleyrecycling.org Drop-off donations: Mon-Sun 8:30-4PM.

The East Bay Depot for Creative Reuse is an ecological treasure trove of art & craft materials, educational supplies, vintage furniture, home décor, paper goods, fabric, and much more.
